Growth **Busters**™

GrowthBusters: Hooked on Growth Consumptive-Population-Economic-Urban

One man takes on City Hall, Wall Street & the Pope as he questions society's most fundamental beliefs about prosperity

7 pm/Wed

July 2nd

**@McNail-Riley House
601 W. 13th Ave.**

From the White House to the Vatican, GrowthBusters takes us on a tour of growth mania. The film explores our obsession with urban and economic growth, and our reluctance to address overpopulation issues. This documentary holds up a mirror, encouraging us to examine the beliefs & behaviors we must leave behind -& the values we need to embrace – so our children can survive and thrive.
